Enjoy Smart Life

ABOUT US

Our Brand

Imou aims at global civil-use IoT market and dedicates to provide full-scenario smart home solutions for our consumers. With the supports of Imou AI ability and cloud platform, we formed 4 products lines: Imou Security, Imou Link, Imou Robots and Imou Lights.

Our Mission

- Provide consumers with first-class products and services.
- Provide employees with an atmosphere of innovation and mutual respect.
- Provide partners with a fair and mutually beneficial cooperation platform.

Our Vision

Let people enjoy smart life with convenience and safety.

Our Incredible Story

2015

Imou is officially established.

2016-2017

Develop rapidly in the China market and become the #1 online security camera brand. Achieve massive offline channel coverage.

2018-2019

Brand upgrades and expands to the global level. Best seller on Amazon.

2020

Expand to all global E-commerce platforms and develop offline channels worldwide.

2021

Launch more smart home products: robot vacuum cleaner, smart bulbs and security cameras.

2022

Launch 2+4+N brand strategy.

Imou Security

Cruiser Series

PTZ security camera, with its ability to pan left and right, tilt up and down, and zoom in incredibly close thanks to up to 8X digital zoom lens, provides all round protection. They also features vivid 2K resolution recording, along with a fully weatherproof exterior for year-round protection.

Rain and Sun

Designed with IP67-certified all-metal case, Bullet 2 Pro outdoor security camera is proved to be able to withstand severe environments with high shock and vibration, wide temperature specifications, high particulate content and water ingress. It will keep protecting no matter it is rainy, sunny, snowing or fogging.

Front Door and Back Yard

Compact sleek design allows it to fit in every corner and it's easy to install. You can install it anywhere you need it, no matter at the front door or put it in the back yard. It will get every corner around or in your house covered.

Day and Night

Advanced night vision technology enables the security camera to achieve early targeting across large areas in total darkness, any weather, or even fog over 98ft (30 m) away on a moonless, cloudy night, helping you reveal the secrets of the night around your house.

Battery-powered Series

Thanks to battery-operated wireless connection and IP65 weatherproof rated housing - you can install the camera almost anywhere. You can easily charge battery with solar panel, adding a level of convenience to your security. Enjoy the versatility of a security system that is wireless, powerful and easy to mount.

Record every moment that matters

Knight

Floodlight Series

Combine security and lighting with a 4K UHD Wi-Fi Floodlight Camera. It can produce a total of 600 lumens, enough to illuminate your front door, garage, or backyard during the night. This will also serve as an important deterrent for any unwanted visitors detected on your property. Other features include a remotely triggered siren, two-way audio, and full color night vision. SD card local storage also means no monthly fees and total privacy.

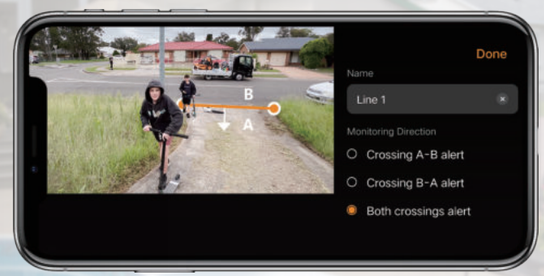
Capture Super Sharp Details in a Smarter Way

4K UHD | AI-based Person/Vehicle/Pet Detection

Immediately Know When Someone Crosses the Line

Draw the crossline and set the detection direction on Imou Life app to protect your property no matter at backyard, front door, swimming pool or grocery store.



AI-based Detection

Know the difference between a person, vehicle or pet

Watch over your kids while they play on the playground.

Check to see when the cars come and go

See what happens at your backyard when you're not there

Versa

Versa Series

With an all-new light sensor, versa records night time video in full, vivid color in environments up to 25x darker than traditional video cameras. With an IP65 rating, you can confidently install it outside in the rain or inside in the kids' room. Built-in mic and speaker allow you to listen and talk back to whoever the camera catches in real time. Whenever detecting anything abnormal, it will immediately inform you with the siren and the notification on phone.
